About the Motherhood University

Motherhood University, Roorkee was established under Uttarakhand Govt. act 5, 2015 in the district of Haridwar. The University is promoted by "The Motherhood Institute of Management & Technology Society". The Society was established on December 23, 2004, to provide education, research and training to aspiring youth of Uttarakhand and the country to increase their employability. The other objective of the society is to establish orphanages, clinics, old age homes, charitable hospitals, etc. A famous social worker, Shri K. D. Sharma, founded the society. He believes that though Uttarakhand has been separated as a State now, it still requires enhancement in the field of education. Shri K.D. Sharma founded the society to start various vocational and technical programs for children who are still deprived of quality education.

The Vision of the University is "To be a global University with state-of-the-art facilities and the best education resources to impartun matched knowledge and learning, to be a recognized center of academic excellence imparting quality education producing research of high standard and developing talents with the balance of personal and professional excellence".

Our two-days National Conference is open to faculty members, industry professionals, and research scholars from across the globe. By exploring emerging fields such as AI in scientific research, sustainable and interdisciplinary technologies, data science, and advanced computational methods, the conference aims to inspire participants to adopt innovative teaching, learning, and research practices.
